Front-end(React.js)Developer

I'm young front-end developer from Ukraine! Learned alot about website creating during 1.5 year of my work and studying. I was working only as a freelancer and I've done some PET project to make my skills better! For about 1.5 year I've learned: HTML, CSS, CSS, Vanilla JS, React.js, Redux and Redux-toolkit adaptive and crossbrowser website creating, JQuery, Git & GitHub and so on.. I'm very motivated and ready to work and learn!
